

The 6th Annual Team Bragging Video Awards

We are asking your organization to create a (music) video to show during the HealthCare Service Excellence Conference, January 29th - 31st, 2018 in San Antonio, TX. This needs to showcase your facility, your team spirit, and your Service Excellence experience. This activity requires lots of creativity, so start those creative juices flowing!

Think outside the box on how to incorporate the criteria items listed below, they just have to 'appear' somewhere noticeable. Remember, the key word in this project is creativity!

All of the videos will be showcased during the Conference where the audience will have the opportunity to vote for their favorite!
